# 2017 EM4 Week 6 Investigation

During the next school holidays – the end of Term 3 – you are going to travel overseas. You decide to spend 10 days in Bangkok (Thailand).

a) Choose a date to leave Australia and to return. Obviously this must be in the school break.

b) Use a web site – www.webjet.com.au is easy to use though there are many other sites that provide the same information – and find out how many airlines fly from Sydney to Bangkok. List these, also list the web site you used.

c) What is the cheapest air fare, what is the most expensive? Name the airlines.

d) What airline takes the shortest time to fly there, what airline the longest? Why the difference?

e) Choose a flight. What is the airline, what does it cost to fly from Sydney to Bangkok and from Bangkok to Sydney? What time does it leave Sydney?

f) Finally, find a flight from Canberra to Sydney that will get you to Sydney at least two hours before your flight to Bangkok. What is the airline, what is the cost and what time does it leave Canberra?
